

Photo shows an RGB Clarkson design rendering and may show optional features which vary from the standard plan. Refer to the floor plan for standard plan features which you may customize to make your new RGB home everything you want it to be.

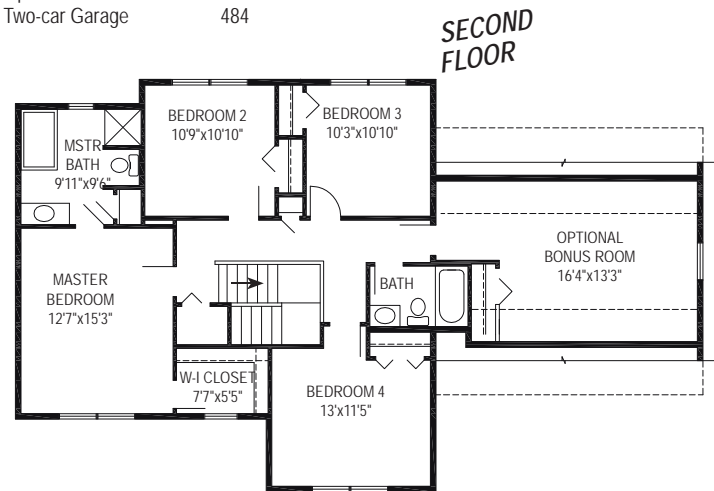

The Clarkson Design

with Bonus Room

SQUARE FOOTAGE SUMMARY*

1st floor	985
2nd floor	982
Finished living space	1,967
Bonus Room	309
Total Living Space	2,276
Optional Basement	985
Two-car Garage	484

Perfect! A four bedroom home that's not too big and not too small. The large family room opens up to the breakfast area and kitchen all planned with convenience in mind! The 2 car garage enters just off the kitchen where you'll find a powder room and pantry. A formal dining room for family meal gatherings is located just off the kitchen for convenience. An office/ bedroom designed to offer privacy finishes off the first floor. Just off the open stairway you will find a large master bedroom with a private master bath and walk-in closet as well as 3 more bedrooms and another full bathroom. What more could you

ask for? How about adding the optional Bonus Room for a 5th or even 6th bedroom or play space? The Clarkson is sure to please with up to 6 bedrooms, open floor plan, lots of closet space, and don't forget about your own space for private getaways!
