

Photo shows an RGB under construction Paramount design being custom built for an individual RGB homebuyer and may show optional features which vary from the standard plan. Refer to the floor plan for standard plan features which you may customize to make your new RGB home everything you want it to be.

## The Paramount Design

An expansive wrap-around covered porch says welcome to a truly spacious 4 bedroom, 2 1/2 bath country-sized home where easy-living convenience is delivered with flair: with a 2-story foyer, overview balconies, graceful archways, a glass-wrapped fireplace and a living room sized for holiday gatherings of family and friends. Delegate dining to the

deckside dining quarters so you can use the formal dining room for a study or den. Only steps away — your bedroom suite is a pampering retreat with a walk-in closet and soaking tub. Upstairs, a generous vestibule invites a computer station setup while the full bath is easily shared by all, thanks to a double sink vanity that's separated from the rest of the bath.

Look for the name brands you know mean quality, and check out RGB Quality Building Features at [www.RGBhomes.com](http://www.RGBhomes.com)
